

# Falling

## At Vance

And the conversation was right  
Underneath the shade of moonlight  
    You were standing there  
    With sun-touched hair  
And your dress the color white  
    Like an aeroplane  
    I took flight  
Fell in love with you that first night  
    Cause you danced with me  
And I could see that there was more to life  
    I'm falling  
    I'm falling  
    In love with you  
    I'm falling  
    I'm falling

    In love with you-oooh  
    Just before the strike of midnight  
    You said "This could be the good life"  
And you say "Goodbye, hope that I get to see you soon"  
    Then I walked for several miles  
    Couldn't rid me of my smile  
    Cause you found me and I found you  
    In this lovely month of June  
    I'm falling  
    I'm falling  
    In love with you  
    I'm falling  
    I'm falling  
    In love with you
