

# Better

## Guns N' Roses

No one ever told me when I was alone  
They just thought I'd know better, better  
No one ever told me when I was alone  
They just thought I'd know better, better  
The hardest part, this troubled heart  
Has ever yet been through now  
You've healed the scars that got their start  
Inside someone like you now  
Had I known, ah, I been shown  
Back when along he take me  
To break the charge that brought me home  
And all but one erase me  
I never won, not that I could  
No matter what you pay me  
Replay the part, you stole my heart  
I should have known you're crazy  
If all I knew was there with you  
I'd want someone to save me  
It'd be enough, but just my luck  
I fell in love and baby  
All that I wanted was  
Now I'm know you better  
You know I know better  
Now I know you better  
So bittersweet, this tragedy  
Won't ask for absolution  
This melody inside of me  
Still searches for solution  
A twist of fate, the change of heart  
Cures my infatuation  
Of a broken heart to provides a start  
For my determination  
No one ever told me when I was alone  
They just thought I'd know better, better  
No one ever told me when I was alone  
They just thought I'd know better, better  
All that I wanted was  
Now I know you better  
You know I know better  
Now I know you better  
I never wanted you to be so full of anger  
I never wanted you to be somebody else  
I never wanted you to be someone  
Afraid to know themselves  
I only wanted you to see things for yourself  
All that I wanted was  
Now I know you better  
Now we all know better  
All that I wanted was  
Na na na na na  
Na na na na  
If I were you

I'd manage to avoid the invitation  
Of promised love that can't keep  
Up with your adorationJust use your head, and in the end  
You'll find your inspiration  
To choose your steps  
And won't regret this kind of aggravationNo one ever told me when I was alone  
They just thought I'd know better, better  
No one ever told me when I was alone  
They just thought I'd know better, better
