

# Wild Days

## Fool's Garden

The sky's blue, the water's blue too, my baby's walking away  
Out of the blue into a fuckin' day, she feels good  
And she feels sorry for me, she tells me, "Honey, don't worry"  
But I am so confused, my baby's walking, walking away  
It don't mean nothing to me, you don't mean nothing to me  
Stay and think about the wild, wild days  
Don't you feel like I feel? Wild, wild days  
Is it a dream? Is it real? Wild, wild days  
Sittin' in the middle of the battlefield, my baby is walking away  
All the wounds that could have been healed but my baby is walking away  
I brought you flowers, I buttered your bread, I washed your car  
Don't you remember? You said you would love me till the end  
And now you're walking away, walking away, it don't mean nothing to me

You don't mean nothing to me  
Stay and think about the wild, wild days  
Don't you feel like I feel? Wild, wild days  
Is it a dream? Is it real? Wild, wild days  
It's too late, it's time for you to wake up  
She don't need flowers, only diamonds and make up  
So sorry but now she's on my mind  
Talk about the wild, wild days  
Don't you feel like I feel? Wild, wild days  
Is it a dream? Is it real? Wild, wild days  
Wild, wild days
