[English]

You think my heart will be okay
You think I donâ€™t bleed when Iâ€™m pricked
But what gives me illness
is the medicine which makes me breathe
How can I stop you

Yes Whatever you do, itâ€™s okay that I can endure
Even my everything dies, itâ€™s okay if only you can breathe
Girl Iâ€™m gonna love you
Because of you everything is breaking apart
It canâ€™t be not you
Wanting you, who donâ€™t want me
If thatâ€™s my guilt, Iâ€™m willing to be punished
Iâ€™m gonna love you to death
Iâ€™m gonna love you to death

Everyone tells me
That I can breathe if I stay away, away from you
My heart says
At the moment I stay away, away from you
I die

Iâ€™ll swallow poison for you

Iâ€™ll never wake up drunken in you
I canâ€™t be stay away, away from you

Why donâ€™t you know
Even I go mad being like this
If itâ€™s because of you, itâ€™s alright
I hope my heaven and hell are
All you
Girl Iâ€™m gonna love you
Because of you everything is breaking apart
It canâ€™t be not you
Wanting you, who donâ€™t want me
If thatâ€™s my guilt, Iâ€™m willing to be punished
Iâ€™m gonna love you to death
Iâ€™m gonna love you to death

Even if I canâ€™t open my eyes swallowed by darkness
Even if Iâ€™m branded which cannot be erased
Can you breathe with the love itself
Can you endure me even it hurts like death

Girl Iâ€™m gonna love you
Itâ€™s more than death
If there is no you
It must be you
Wanting you who donâ€™t want me
If thatâ€™s my fate, Iâ€™ll accept everything
Iâ€™m gonna love you to death

Iâ€™m gonna love you to death
