

# Her Man

Gary Allan

I'm gonna change my ways of 'doin things around here  
Well I'm turning over a new leaf, gonna get myself in gear  
'Cause I've got a women who's better then most and I've made a mess  
Of her plans, startin' today, all I'm gonna be is her man 'Cause I've been a wild cater, and a go-go getter  
Been an S O B right down to the letter, I've had misadventures  
I've even got pictures, I'm even more than I can stand  
But startin' today, all I'm gonna be is her man I'm gonna give it all back, 'cause all I've done is take  
Well I've put her on the back burner while I was out on the make  
But I've got a woman who's good enough to give me a second chance again  
And startin' today, all I'm gonna be is her man 'Cause I've been a wild cater, and a go-go getter  
Been an S O B right down to the letter, I've had misadventures  
I've even got pictures, I'm even more than I can stand  
Startin' today, all I'm gonna be is her man I'm a little bit late but I'm wisin' up  
Now I'm takin' her by the hand  
Startin' today, all I'm gonna be is her man
