Sworn Enemy

Sworn Enemy

take my hand
i'll lead you to the promised land
a tale we've heard so many times before
you pray for pain
my design is not built that way
follow the leader and see what you get
suffering is secondarychorus:
sworn
sworn enemy
of the human race
god save me
from this retchid place
my last breath i would give for you
just to asure that i see your face
and in the end my memory
would be the thoughts of a better daytime is pain
whats your gain
when nothings left
a little something is more then nothing in my eyes
give me a glimmer of hope
and i'll show you what its worth
can you see the light
flash at the end of the tunnel[chorus]thoughts of a better daythe screams
the horror
the tragedy
9 11save me, help me
save me, help me
save me, help me
Save methe sight of you i despise
i'll help you meet your maker and i wont think twice
