

Everyone Wins

Ringo Starr

If we agree
Life is a treasure
And love is the key

Brothers and sisters
We must understand
No ones a loser
Everyone wins

[Chorus]

So he could run the race
At the start he fell
Flat on his face
The other runners
Did not pass him by
They stopped to help him up
And this is why

[Chorus]

It says the very last

If you are struggling
Put your hand in mine
Together we will cross the finish line

[Chorus: x3]
