

# **Mother of All Gods, Mother of Mine**

# Nightfall

Dedicated to the one and only mother earth "Dan" You mother, you bear me by fire  
Into the lake of the abyssic dark  
There where no light shines, nor even God's fire  
Upon the stones, upon the great rotten ark Set me on fire, thou shall be the King  
The chosen one who rises the kingdom  
Power to us for rest enthroned, never bleed  
Upon our slaves, our servants, our followers  
...See no freedom Oh mother, you gave me birth  
Resting together with the stars  
The oriental's night, the desert's cold on earth  
Feel me night, I'm stronger, feel my "arms"  
Resting in peace, in silence  
My ears still blown by the battles, in past  
The heads I've taken, the blood I've drunk  
And the beautiful bride, lady night I've been married once...
