

# Calleth You, Cometh I

## The Ark

And I know we were both too young way back when we had our thing  
And you're not the one that I think every time that the telephone rings  
And I know that what we had would not be called love by the ones who know  
And I know it's been many years and hundred love affairs a go  
I know all that so well but I also do know this

Calleth you cometh I  
And that's just how it is  
And how it is always been

It's were my reason stops  
And something else comes in

I know it doesn't make sense  
But still  
Calleth you cometh I

And that's how it is!!!

And I know we became restrained every time we were among friends  
And I know how it was last time and how bitterly it always ends  
And I know we were both too young to know what real love would be like  
And I know our communication didn't always work out right.

I know all that so well but I also do know this

Calleth you cometh I  
And that's just how it is  
And how it's always been

It's were my reason stops  
And something else came in

I know it doesn't make sense  
But still  
Calleth you cometh I

And I've been waiting for this so long, waiting to sing this song  
For, you

---
