

# Years Of Enlightenment / Decades In Darkness

## Kataklysm

Our souls carved in stone  
Withstand the test of time  
Testify the ancient ways  
When all good will turn bad  
Thy angels will fall  
Invade the putrid masses  
Intelligence to stupidity  
Increase the pressure within  
No return from isolation  
No chance to recuperate  
We are lost in deceit  
Years of enlightenment  
For decades in darkness  
We drown in time  
Behold the signs  
Years of enlightenment  
For decades in darkness  
We drown in time  
Behold the signs  
The storm arrives, we pray to die  
Forgotten and betrayed  
Life comes in full circle  
You can't escape what is meant to be  
Without proving your true identity  
Invade the putrid masses  
Intelligence to stupidity  
Increase the pressure within  
No return from isolation  
No chance to recuperate  
We are lost in deceit  
Years of enlightenment  
For decades in darkness  
We drown in time  
Behold the signs  
Years of enlightenment  
For decades in darkness  
We drown in time  
Behold the signs
