

Hold On My Brother

Joshua's Troop

Choir..

I know it's kind of ruff right now
The road is dark, you can't see a way
Hold on a little while longer
God will make a brighter day

I know it's kind of ruff right now
The road is dark, you can't see a way
Hold on a little while longer
God will make a brighter day

Solo..

I know you're tired of trying
Wondering when this thing will a ease...
Be Still and never let go
To God's unchanging hand

Hold on my brother
Hold on my sister, don't give up now
God has promised He'll be with you every hour

Choir..

I know it's kind of ruff right now
The road is dark, you can't see a way
Hold on a little while longer
God will make a brighter day

Hold on my brother
Hold on my sister don't be afraid
God is with you every step of the way

Hold on my brother
Hold on my sister don't be afraid
God is with you every step of the way

Hold on my brother
Hold on my sister don't be afraid
God is with you every step of the way

Hold on my brother
Hold on my sister don't be afraid
God is with you every step of the way

Hold on my brother
Hold on my sister don't be afraid
God is with you every step of the way

Hold on my brother
Hold on my sister don't be afraid
God is with you every step of the way

Hold on my brother
Hold on my sister don't be afraid
God is with you every step of the way

Hold on my brother
Hold on my sister don't be afraid
God is with you every step of the way

Hold on my brother
Hold on my sister don't be afraid
God is with you every step of the way
