My Awesomeness Is Awesome

Emily Alyn Lind

It's time to show everyone
My awesome
(Music)
My awesomeness is awesome
My technique is unique
My awesomeness is awesome
Everybody else is freaking weak
My footwork is like clockwork

My fifteen is the hottest
I'm a judo samurai super jump
Rope goddess
So if you step to me procced with caution
My awesomeness is is awesome
My awesomeness is awesome

There is no competition
There won't be no contest
But now I'm on ambition
To be the very best
Be the best to the last
Now you three legs
On a built in trampoline

You've got no chance against me even you
Angeline

So if u step to me proceed with caution

My concentration is unbreakable
My confidence unshakable
C
