Hearts

Yes

Hearing
Talking
Yes I love you
Set your heart sail on the river
(Hearing)
Look around you as you drift downstream
(Talking)
Pouring souls into the ocean
(Loving)
Take account of all you've seen
One people, together
Freedom for today
So easy the future
So see the children's way
Love me
Teach me
Know me
One people, together
Freedom for today
Tomorrow forever
So see the people's way
Many moons cascade one river
They light from side to side
As we cross in close proximity
Like rivers our hearts entwine
How we talk, how we teach our children
How they move, we direct our eyes
All the senses tuned discovery
As and as and when our hearts decide
Be ready now, be ye circle
Be the central force ye life
As the game extends the cycle
Be ready to move
One heart's for love, one's for giving
(Sailing down the river)
Two hearts are better than one
(Throwing out a line)
I hearing it, I living it, I believe in it
(Sharing out your fortunes)

Two hearts are better than one
(In and out of time)
Hearing
Talking
Yes I love
One heart's for love, one's for giving
(Sailing down the river)
Two hearts are better than one
(Throwing out a line)
I hearing it, I living it, I believe in it, I loving it
(Sharing out your fortunes)
Two hearts are better than one
(In and out of time)
Who would believe you? Wise men do
Days that we knew it clear with you
You sing the answers, question time
Now it you need me let our hearts entwine
Let our hearts entwine
Hearts sailing down the river
Hearts throwing out a line
I hearing it, I living it, I believe in it, I loving it
Hearts
(Two hearts will always be)
In and out of time
One heart's for love, one's for giving
(Sailing down the river)
Two hearts are better than one
(Throwing out a line)
I hearing it, I living it, I believe in it
(Sharing out your fortunes)
Two hearts are better than one
(In and out of time)
As we flow down life's rivers
I see the star glow, one by one
All angels of the magic constellation
Be singing us now
