Rapture

Full Scale

So lock up your daughters
And fuck up your sons
And pray for religion
Cause judgement days coming
You better get ready
Cause Jesus is coming
And he's gonna be so pissed off
When he sees the state of the world
Slipping, it's slipping
Suck it down
So pay all your taxes,
Buy colour T.V's
And pray for deliverance
Cause doomsday is coming
Humanity dies as community cries
Yes the worlds on a slide
My pride?
I tried
No begging please
We just spread the disease it's the rapture
It's the rapture
Times running out

Here it comes, Holy cow!
It's the rapture
It's the rapture
So relax
Sit back
Come to understand
Your place in this chaos is mine
To decide
So hide
Your face when you come near me
Eat
And then shit
And eat
Then shit some more
Eat some more
Breed

Sow seed
And need
Everything I've got for you
Get a grip on this
It feels so good for me
When you stroke it like that
You little bitch don't look at me
Get it you'll get it
