He'll Never Leave Me

Kathy Troccoli

I've let him down before
Broken his heart don't know what for
And yet to me he's still the same
He's faithful and he'll never change
I know he'll never take his love awayHe'll never leave me
I know how much he loves me
He'll always stand beside me
Even when I fallHe'll be there to defend me
When I'm wrong forgive me
He'll never hold my past against me
He'll be there when I callI'll never be lonely
When the nights get long he'll hold me
He promised he'd be with me
And that's how I know
He will never leave me
He will never leave meI found him to be a friend
Time after time and then again
I know the seasons may come and go
But his love's like a river it always flows
So I know he'll never turn and walk awayHe'll never leave me
I know how much he loves me
He'll always stand beside me
Even when I fallHe'll be there to defend me
When I'm wrong forgive me
He'll never hold my past against me
But he'll be there when I callI'll never be lonely
When the nights get long he'll hold me
He promised he'd be with me
And that's how I know
He will never leave me
He will never leave meHe will never leave me
I know the seasons may come and go
But his love's like a river it always flows
I know he'll never turn and walk awayHe'll never leave me
I know how much he loves me
He'll always stand beside me
Even when I fallHe'll be there to defend me
When I'm wrong forgive me
He'll never hold my past against me

He'll be there when I callI'll never be lonely
When the nights get long he'll hold me
He promised he'd be with me
And that's how I know
He will never leave me
He will never leave meHe will never leave me
(I know the seasons may come and go)
(But his love's like a river it always flows)
He will never leave me
(And yet to me he's still the same)
(He's faithful and he'll never change)
