The Watched

Sinnergod

I know you're the reason for my overdose
And I know when you're near
I can hear you calling me
Don't you cry, you're the reason I feel dead inside
Coz I know, I can't breathe
When I hear you calling meYou're the reason I can't breathe
When hear you calling me
I've lost my way inside
You're the reason I can't breathe
I still feel you close to me
I've lost my way insideYou know you're the reason and please don't let go
Coz I know when you're near
I can hear you calling me
Don't ask why
You just take my soul and cast aside
Coz I know, I can't breathe
When I hear you calling meYou're the reason I can't breathe
When hear you calling me
I've lost my way inside
You're the reason I can't breathe
I still feel you close to me
I've lost my way inside
