

Hermosa

[Andy Ferguson](#)

Ven aquí- hermosa, cual es tu nombre? respira
puedo poner pasión en tu corazón? siente la música pierde todo control
ven un poquito mas cerca.. could it be the dance or the look in your eyes?
well i don't know, whats on your mind, but i know, that i...I can't breathe, but i could try, but why when i know
whats shattered inside,
what you want is more than i could give, but ill keep it close to Heaven if,
the moves you make.. are for... me.The beat of your heart.. *ba bum ba bum.. can you feel it, can you feel it
your feet on the ground..
the way that you move..
the clap of your hands..well i don't know, whats on your mind, but i hope that tonight,
you dance for me.
