Round And Round

Dave Hollister

Yo Dave
Uh, can we do it now
(Let's do it now)
Yeah
Noontime, Jazzee Pha, Teddy Bishop
Uh, like this, uh uh
Round and round and round we go
Where we stop nobody knows
Come inside, take off your clothes
Wanna sex you from your head to toe
Baby girl, here we go
Round and round and round we go
Where we stop nobody knows
Come inside, take off your clothes
Wanna sex you from your head to toe
Baby girl, here we go
It's 2:00, the time is right
I'm in the mood for love tonight
So tell me girl, what do you like?
'Cause I wanna freak you if you don't mind
I can act a fool for you tonight
Girl let me freak your body
'Cause I'll freak it right
Baby, come inside
Round and round and round we go
Where we stop nobody knows
Come inside, take off your clothes
Wanna sex you from your head to toe
Baby girl, here we go
Round and round and round we go
Where we stop nobody knows
Come inside, take off your clothes
Wanna sex you from your head to toe
Baby girl, here we go
It's 3:00, let's get it hype
I don't wanna stop 'til after 9
Pull up the sheets, turn out the lights
And turn around
If you really wanna do it right now

Let a nigga know if it's alright
(Let a nigga know it's alright)
If you really wanna do it right now
Let a nigga if it's alright
Round and round and round we go
Where we stop nobody knows
Come inside, take off your clothes
Wanna sex you from your head to toe
Baby girl, here we go
Round and round and round we go
Where we stop nobody knows
Come inside, take off your clothes
Wanna sex you from your head to toe
Baby girl, here we go
Baby, tell me what you like
I can freak your body right
Make it hot
Jazzee Pha, come on now
Round and round, up and down
Makin' all them freaky sounds
You the finest thang around town
Let your playboy put it down
Meet me in the smoking lounge
(That's where they pass them thangs around)
I got a suite at the Swiss hotel
(Room 222, loud as hell)
It's cool baby, don't be scared
I ain't gonna let you bump your head
It's a lotta thangs left unsaid
As we can ride this squeaky bed
(Squeak, squeak)
Shorty freaky lil' somethin'
(Gonna make you wanna stay with me)
Don't you know that I can keep you coming
(Gonna make you wanna play with me)
Baby, play with me
Round and round and round we go
Where we stop nobody knows
Come inside, take off your clothes
Wanna sex you from your head to toe
Baby girl, here we go
Round and round and round we go
Where we stop nobody knows
Come inside, take off your clothes
Wanna sex you from your head to toe

Baby girl, here we go
Round and round and round we go
Where we stop nobody knows
Come inside, take off your clothes
Wanna sex you from your head to toe
Baby girl, here we go
...
