

# Assasin Squad

## Malevolent Creation

No discrimination of who they slay  
This group gets it done, they kill for personal gain  
Armed and fearless, packed to the gills  
Incentive drives them to rack up the kills  
Assassin squad... creeping, assassin squad... seeking  
Life threatening discourse  
Fuck with the bull you get the horns  
Quickly they will retort  
And make you wish you had never been born  
Play by their rules or meet your maker  
Failure to comply simply seals the deal  
Dig your own grave
