

La La La

Lmfao

I feel like I've just seen the sun for the first time

You make my life bright cuz you shine

It's me and you baby, it's our time

I'm livin my dream girl cuz you mine

You got me skipping down the street

And singin love songs all outta key

I didn't smoke nothin, but i feel so high

And i know why

It's a love thang, it's got to be

Your hearts all locked and i got the key

It feels like i just won the lottery

Cuz i got my girl and she got me

You my new obsession, all i want to do, you my new obsession girl

[chorus:]I feel on top of the world witcha baby, I wanna dance and party tonight

I feel on top of the world with my lady, I'm gonna rock your body all night

She make me wanna say la la la la, la la la la, la la la la, la la la la, la la la la, la la la la, la la la la, ohh

I can't get you out my mind, everything you do is feelin right

Remember that way you caught my eye?, I remember that way you was walking by

ooh girl watch out now, you looked at me, turned around and smiled

Gave me eyes, my heart went wild, hypnotized this love starts now

And how do i know your real, it really doesn't matter it's the way i feel

You make me feel super like the man of steel

You got me going stupid picking daffodils

You my new obsession, all i want to do, you my new obsession girl

[chorus:]I feel on top of the world witcha baby, I wanna dance and party tonight

I feel on top of the world with my lady, I'm gonna rock your body all night

She make me wanna say La la la la, la la la la, la la la la, la la la la, la la la la, la la la la, la la la la, la

la la la, hey, la la la la, la la la la, la la la la

you my new obsession, you my new obsession, you my new obsession, you my new obsession, you my new

obsession, all i want to do, you my new obsession girl

I feel on top of the world witcha baby, I wanna dance dance dance dance dance dance dance dance dance

dance dance dance dance dance dance dance dance dance dance dance dance dance dance dance

dance dance dance dance dance dance dance dance dance dance dance dance dance dance dance

dance dance dance dance dance dance dance dance dance da da da da da da da dance dance dance dance

dance dance dance,

I feel on top of the world with you baby,

I wanna dance and party tonight.

I feel on top of the world with my lady,

I'm gonna rock your body all night.
