

# A Sunny Day

Donovan

Sunny day, while away the afternoon  
Cutting nettles that are hiding petals pink  
From the river drink  
Bluebells, wood dells where dwells a squirrel  
Who slinks along branched patterns heightens call of coal tit small  
Hover over riverDiving, writhing, gnattring chiff chaff chattering  
Woodpecker staggering hammering  
Exaggerating off his findSunny day while away the afternoon  
Cutting nettles that are hiding petals pink  
From the river drink  
Bluebells, wood dells where dwells a squirrel  
Who slinks along branched patterns heightens call of coal tit small  
Hover over river
