

# Love, Look What You've Done To Me

[Ruben Studdard](#)

Hoping never end this song  
This could take us all night long  
I looked at the moonlight and I felt good  
Then I looked again and I saw you  
Eyes like fire in the night  
Breath, just burning with their light  
Now I have to spend all night through  
And honey, yes I like to spend it all on you  
You, you Love, look what you've done to me  
Never thought I could fall again so easily  
Love, you wouldn't lie to me  
Believe in me to feel this way  
They might fade and turn to stone  
But let's go crazy on alone  
Hold me closer than you ever did  
Close your eyes and I'll be there  
I'll be there  
After all you're still the one  
After all you're still the one  
Girl, take me up onto the stairs until you're done  
Girl, take me where we don't care anymore Love, look what you've done to me  
Never thought I could fall again so easily  
Love, you wouldn't lie to me  
Believe in me to feel this way, this way, this way  
Do you feel me baby?  
Look what you've done to me  
Love, look what you've done to me  
Never thought I could fall again so easily  
Love, you wouldn't lie to me  
Believe in me to feel this way  
Oh, baby, look what you've done to me
