(Sinima beats!)

Yeah She's fifteen and I know it

And she try hard not to expose it

But it's pretty obvious I know it

And the truth is, I'll still bulldoze it!

Yeah She's fifteen and I know it

And she try hard not to expose it

But it's pretty obvious I know it

And the truth is, I'll still bulldoze it!

I think she know I dig that fifteen young scene

She barely knows how to talk, but she luvs me!

She's so pretty, she ain't know a damn thing!

All she knows is I'm famous, and she want that dream

But her Momma don't like me, Dad wanna fight me!

I don't give a fuck!! I just tell 'em both fight me!!

Don't say nothin' 'bout callin' the cops

Your daughter loves me

So I know she won't talk

And She's so hyper like a freshmen should be (ahah)

Let's hope she's in her room when she should be

Cuz if she isn't then she's gonna get grounded!

Damn I'm getting tired of this sneakin' around shit!

Just tell your Momma I'm a rapper, that'll work, right?

Oh? Now she thinks I'm a THUG? FUCK MY LIFE!!

oh yes I'm a thug, fuckin' thug life

I don't really care what they say, it's fuckin' thug life

Yeah She's fifteen and I know it

And she try hard not to expose it

But it's pretty obvious I know it

And the truth is, I'll still bulldoze it!

Yeah She's fifteen and I know it

And she try hard not to expose it

But it's pretty obvious I know it

And the truth is, I'll still bulldoze it!

She like my own little Bratz doll, bow in her hair

So her mom's tryin' stop us sayin' "he's not fair"

Then I pull on her strings, and I get her right back!

I'm her boy

And there ain't nothin' gonna change that

She calls me Jesus, I call her Babydoll

She's so innocent, baby don't complain at all

In her summer dress I think she got a trackin' device

It makes me feel so dirty when I hit the lights!

And then I feel her nails diggin' in my back  
This chick usually sleeps with a TEDDY BEAR, man!!

But I don't care about age

I just care about face!

And she got the prettiest

And a little tiny waist

And a little tiny place

For my little tiny... WAIT!

oh I'm kiddin'! Forget that synonym, but don't hate!

Oh forget them women then, it's all about the prey

I just want a little girl who's too young to say my name!

Yeah She's fifteen and I know it

And she try hard not to expose it

But it's pretty obvious I know it

And the truth is, I'll still bulldoze it!

Yeah She's fifteen and I know it

And she try hard not to expose it

But it's pretty obvious I know it

And the truth is, I'll still bulldoze it!
