

# Lay Down With You

Frazey Ford

I lay down with you  
I lay down with you  
You told me not to  
And I feel so strange What is happiness  
What is happiness  
But too wrong from this Take me out to Soho  
Buy me a rum and a coke  
And help me forget  
Myself myself for an evening Myself for an evening You call me on the phone  
But I just ain't home  
No I just ain't home  
No not for anyone  
No no no  
Not for anyone  
Mmmmm
