

Dreams and Disasters

Owl City

We, were alone, on the road, driving faster
So, far from home, we were chasing disaster
Pour, on the gas, til the car, caught on fire
We, had to laugh, as the smoke, billowed higherI wanna feel alive forever after
And you say, you say you wanna feel alive forever after
And I, and I, and I say
Fo-o-oollow the li-i-ine through the dreams and disasters
Fo-o-oollow the li-i-ine to the edge and the after
We won't turn around
We will not slow down
Fo-o-oollow the li-i-ine through the dreams and disastersThink, of the sun, and the sound, of it rising
Still, on the run, with our eyes on the horizonI wanna feel alive forever after
And you say, you say you wanna feel alive forever after
And I, and I, and I say
Fo-o-oollow the li-i-ine to the dreams and disasters
Fo-o-oollow the li-i-ine to the edge and the after
We won't turn around
We will not slow down
Fo-o-oollow the li-i-ine to the dreams and disastersI just wanna feel aliveI just wanna feel aliveI just wanna feel aliveI just wanna feel aliveI just wanna feel aliveFo-o-oollow the li-i-ine through the dreams and disasters
Fo-o-oollow the li-i-ine to the edge and the after
We won't turn around
We will not slow down
Fo-o-oollow the li-i-ine through the dreams and disastersWe won't turn around
We will not slow down
Fo-o-oollow the li-i-ine through the dreams and disasters
