Cut-Throat

Bulldozer

Telling lies right into your face
Grab your soul and make a disgrace
Make you believe you're bigger than life
No one cares if you'll live or dieWaiting for the moment to strike
To take possession to take your heart
Turn your part into a farse
Without respect, without regretCut-throat, cut-throat
Cut-throat
Cut-throat, cut-throat
Cut-throatYou promise this and you promise that
Deep inside nothing at all
In a war of filth and greed
We don't need this kind of shitAll I say that will survive
We know true, we know what's right
We're going through this till the end
And I know you're not my friendCut-throat, cut-throat
Cut-throat
Cut-throat, cut-throat
Cut-throat
FuckTo give in
No fucking way
To give in
No waySo don't tell us it can't be done
Putting down what you don't know
Money isn't our God
Integrity will free our soulEnslavement
Pathetic
Ignorant
CorporateCut-throat, cut-throat
Cut-throat
Cut-throat, cut-throat
Cut-throat
