

# If The World

## Guns N' Roses

If the world would end today  
Then all the dreams we had would all just drift away  
You know there's nothing more to say  
If the world would end and our love slipped away  
I never knew the way that you looked at me  
Would ever mean so much to me  
But in my heart I've found the feelings that I've never shown  
And now they've got the best of me  
If the world would end today  
Then all the dreams we had would all just drift away  
You know there's nothing more to say  
If the world would end and our love slipped away  
I never thought all the love I was looking for  
Could ever be so close to me  
You're the only one I have ever loved and has ever loved me  
And now you've got the best of me  
If the world would end today  
Then all the dreams we had would all just drift away  
You know there's nothing more to say  
If the world would end today  
Then all the dreams we had would all just drift away  
You know there's nothing more to say  
If the world would end and our love slipped away
