

# Starchild

## Dune

Far away  
Eternal affection  
Far away  
Always be true  
Far away  
Eternal affection  
Far away

Always be true  
Always be true  
Far far away from this world in a different dimension

A long time ago she was born  
Into the light of eternal affection  
Telling the story to you once more

Look at the stars and you'll see that it's real and your feelings inside, they will always be true  
Bring in your friend to the loving dimension and he'll be a starchild like me and you  
Far far away from this world in a different dimension

A long time ago she was born  
Into the light of eternal affection  
Telling the story to you once more

Look at the stars and you'll see that it's real and your feelings inside, they will always be true  
Bring in your friend to the loving dimension and he'll be a starchild like me and you  
Far away

Eternal affection

Far away  
Always be true  
Far away  
Eternal affection  
Far away  
Always be true  
Always be true  
Al...always/ways/ways/ways/

Always be true...Far far away from this world in a different dimension

A long time ago she was born  
Into the light of eternal affection  
Telling the story to you once more

Look at the stars and you'll see that it's real and your feelings inside, they will always be true  
Bring in your friend to the loving dimension and he'll be a starchild like me and you  
Far far away from this world in a different dimension

A long time ago she was born  
Into the light of eternal affection  
Telling the story to you once more

Look at the stars and you'll see that it's real and your feelings inside, they will always be true  
Bring in your friend to the loving dimension and he'll be a starchild like me and you
