

# Looking for Water

David Bowie

- Lyrics and music by David Bowie Still the leaves are spinning 'round

Take my hand as we go down, and down, and down

Looking for water

Well, our light's gone in a New York minute

Don't know about you, but my heart's not in it

(Looking, looking, looking)

I'm looking for water

I'm looking for water

(Looking, looking, looking) I can't breathe the air, can't raise a fact

'Cause all we've got left is a beat in the night, and I'm

(Looking for water)

Looking for water

(Looking for water)

(Looking, looking)

Take my hand as we go down, and down

Leave it all behind, nothing could be found

(I'm, looking for water)

I'm looking for water

(Looking for water)

(Looking, looking)

(I, looking for water)

Looking everywhere

(Looking for water)

Looking here and there

(I'm looking for water)

I'm looking for water

(Looking for water)

(Looking, looking)

I can't live in this cage, I can't eat this candy

The edge of the earth to the spin in my head

The look in your eyes and never means never

The dawn's early light, baby, dark is forever

(Looking, looking)

(Looking, looking)(Looking for water)

(Looking, looking)

I

(Looking for water)

(Looking for water)

(Looking, looking)

I  
(Looking for water)  
(Looking for water)  
(Looking, looking)

I  
(Looking for water)  
(Looking for watter)  
Looking, looking)

I  
(Looking for water)  
(Looking for watter)  
Looking, looking)

I  
(Looking for water)  
(Looking for watter)
