

He's Only Everything

Reba McEntire

In the eyes of the world he's only an ordinary man
But there's a million and one things the eyes of the world never see
 He may walk the same
 He may talk the same
 As a million others do
Oh but you'd see him as I do if his heart had eyes for youChorus:
 He's only everything
 Only everything
 He's as real as the thrill I feel
 When he walks through my dreams
 He's the one I hold
 When my world grows cold
 And needs a touch of spring
 Or a song to sing
 Yes in these eyes of mine
Lord he's only everythingRepeat chorusYes in these eyes of mine
 Lord he's only everything
