

# Fearless

## Daechelle

Break it down let it all out  
Ill give you my opinon  
Walking around running my mouth  
Cause Im not about pretending  
I talk tough calling your bluff  
Dont tell me what I cant do  
Dont ask me to ignore what in my heart I know is true(ya)  
I never want to be predictable  
Im never gonna take the easy road  
I never wanna follow where the  
Ordinary ones have gone before  
And thats why everyday I say it to myselfBe fearless and nothing is impossible  
So fearless and know that your invinsible  
Be fearless prove the undeniable  
Cause your so much stronger than you know  
So let it goIts crazy never be done  
Its revolutionary  
Dont phase me I wont run  
Nothing you can say to scare meBring on fame I got game  
See I was born for this part  
Just have to start by following the voice inside my heart(ya)  
I never want to be predictable  
Im never gonna take the easy road  
I never wanna follow where the  
Ordinary ones have gone before  
And thats why everyday I say it to myselfBe fearless and nothing is impossible  
So fearless and know that your invinsible  
Be fearless (fearless) prove the undeniable  
Cause your so much stronger than you know  
So let it goStand your ground be confident  
The strength inside is heaven sent  
Remember saints and heros gone before  
Be old and be uncompromised  
Stare it in your demons eyes  
Believe you can soreYou gotta be you gotta be  
Be fearless fearless ya  
You gotta be you gotta be  
Be fearless fearless ya ya  
I say it to myselfBe fearless and nothing is impossible

So fearless and know that your invincible  
Be fearless (fearless) prove the undeniable  
Cause your so much stronger than you know  
So let it go
