

# Only the Heart May Know

[Dan Fogelberg](#)

Silent sea tell this to me  
Where are the children  
That we used to be? At picture shows  
Where nobody goes  
And only the heart can see Starry skies, soft lullabies  
Where do they go when their melody dies?  
To a day, far, far away  
That only the heart may know Friends we knew follow us through  
All of the days of our lives  
Love we shared waits for us there  
Where our wishes forever reside Falling tears, memories' mirrors  
Where are the summers  
Oh, where are the years? Carried far  
To a wandering star  
That only the heart may know Friends we knew follow us through  
All of the days of our lives  
Love we shared waits for us there  
Where our wishes forever reside Starry skies, soft lullabies  
Where do they go when their melody dies?  
To a day far, far away  
That only the heart may know  
That only the heart may know
