Hello, Dolly

Nicholas Payton

Hello, Dolly, this is Louis, Dolly
Its so nice to have you back where you belong
You look'n swell, Dolly, I can tell, Dolly
You still blow'n you still crow'n you still go'n strongI feel that room sway'n, while the bands play'n
One of our old favourite songs from way back when
So, take a wrap, fellas find a empty lap, fellas
Dolly, never go away again.I feel the room, sway'n while the bands play'n
One of our old favourite songs from way back when
So... Golly Gee fellas, have a little faith in me fellas
Dolly never go away, fellas you never go away
Dolly never go away again...
