

# Where Did You Go?

## Jets Overhead

She never knows when it's raining  
She only knows when it's cold  
She's always saying how she hates it  
How her story sounds so old  
She packed her clothes in her suitcase  
Then put that case in her car  
She says she's gotta get so far gone, so far gone  
And she don't even care how far  
Where did you go when you knew  
You didn't know me?  
And you never wanted to figure me out  
I didn't know, I never even saw it coming  
I went on with my life  
So come back over to the East Coast, baby  
We'll figure out a way to make this work  
My chest is feeling empty always  
And you're its only cure  
You know that I try so hard, I try so hard  
And nothing seems to ever work  
It's like I'm running and I cannot stop, I cannot stop  
Oh, you just love to make this hurt  
Where did you go when you knew  
You didn't know me?  
And you never wanted to figure me out  
I didn't know, I never even saw it coming  
I went on with my life if you give me sometime  
She's all alone now  
She can't find her own way out  
Where I am, the sun's down  
And she's caught up in her new West Coast town  
She's all alone now, finding her way out  
California let me down  
She traded me for living the good life  
Staying up all night  
Darling, can you hear me now?  
Where did you go when you knew  
You didn't know me?  
And you never wanted to figure me out  
I didn't know, I never even saw it coming

I went on with my life  
Where did you go? I didn't know  
I didn't know, I never even saw it coming  
I went on with my life if you give me sometime  
Give me, give me, g-g-give me sometime  
Give me, give me, g-g-give me sometime  
Give me, give me, g-g-give me sometime  
If you give me sometime
