

# Waiting

## The Movement

There's Only One Thing You Can Do  
Get Up And Be There  
Or Fall Right Down And You Will Die  
They Dance On Your GraveThe Way They Made You  
Is The Way They Want To Keep You Down  
They Wont Allow You To Be True.We're Just Another Empty Spot  
But They Can Afford It  
Stand Proud Look Nice  
Listening To What They Have To Tell YouYou Work Hard From The Start  
Never Ask That Question Why  
The Many Slaving For The Few  
And What's Inside Of YouWaiting For Something That Could Make It Happen  
Thinking, Wasting, All This Life For Nothing  
Get Up Off Your Bed  
And Generate Your Dreams InsteadThey Don't Give A Damn About You  
They Don't Give A Damn About You  
They Don't Give A Damn About You  
They Don't Give A Fuck Around You  
But We Need You To Generate This Generation!There's Only One Thing You Can Do  
Get Up And Be There  
Or Fall Right Down And You Will Die  
They Dance On Your GraveThe Way They Made You  
Is The Way They Want To Keep You Down  
They Won't Allow You To Be True  
To What's Inside YouWaiting For Something That Could Make It Happen  
Thinking, Wasting, All This Life For NothingWe Need You To Generate This Generation!
