

# Burn Fire Burn

## Common Sense

Burn beacon fires, blow horns of doom  
Sinister ascendancy, death's coming soon  
We shall take the fire everywhere  
And all our enemies shall burn, yeah  
In the fire they all shall die...  
And like the dragons we shall reign  
Reign in fire, reign in flames  
We bring the fire where we turn  
Burn fire burn  
Flames upon Faerun, sound battle cries  
Raging fires, time to die  
Fire burning everywhere, death has come  
Upon Faerun, our work is done
