Young Blood Blues

Hurray For The Riff Raff

Stay out on the levee
Watching
My heart was feeling heavy
Did not know the reson why
I was crying for you
Wherever you may be
I was crying for you
Because you once were meMy best friend
In this whole world
Is a man who's dead and gone
Now I'm bound to wander
With nothin' but his song.
And he walked out of this world
As lonely as he came
You can rest assured you won't see my man again.I've got the young blood blues
They're following me
I've got the young blood blues
They just won't
Let me be
I've got the young blood blues
They're following me
I've got the young blood blues
They just won't
Let me be.I'm going
Back to New York
I won't be
Back to stay
If you
See my old friends
Won't you tell them
I'm still away
Got heart ache like a river
And it runs a muddy mile
You could rest assured
You won't see me for a long, long while.
