

Thursday Night

Chixdiggit!

talking to my friends at work today, times are getting them down they asked me for advice, thursday night is the night i always go out you don't gotta wait for saturday, the party's going right now you wanna feel alright thursday night, you wanna go on downtown well it was thursday (thursday) thursday night well it was thursday (thursday) thursday night i feel alright, thursday night, i get down they were only worried about one thing, they didn't want to get fired those who know how to rock and roll can make it through a day tired everybody's happy at work today, a couple look a bit gone there's a sign you know " run out of rope, tie a knot and hang on" for thursday (thursday) thursday night thursday (thursday) thursday night i feel alright, thursday night, i breakout you got you problems? you hate life? you wanna feel alright? get your shoes on off the couch it's thursday night i'm living for thursday night i'm living for thursday night i'm living for thursday night i'm living for thursday...
