

# I'll Do It All

## Busta Rhymes

I, I never thought that I could find  
(Excuse me miss)  
Someone, so special

(Can I have a word wit'chu, baby)Miss, can I get a second to speak and quietly mention  
That I am so into who you are, can I get your attention  
My observations of you creates conversations for you

And if you got a little time, I got the patience for youOkay? Good, you givin' me the time to talk?  
While I figure it out and sort what I'm tryin' to say, let's walk  
Just tryin' to keep it gutter, respectfully I won't stutter

Don't you agree, we look better when we walk with each other?I've seen you many times, yes, I've encountered  
many dimes

I'm feelin' somethin' special with us, it's just one of the many signs  
I think that we have to look forward to our go-through

Any war with you regardless what it is I'm tryin' to score with youSometimes I think and wonder especially  
through rain and thunder

If I'd ever find the one to ride when I'm on top or under  
Until we reach the end, ma, with love as I be your friend

Oh, here you can take my number, I hope we can speak againNo matter how, mister, no doubt I'll die wit'cha  
Until the end of life, lay down on the ground wit'cha

I'll give my life to you, I hope it all comes true  
Ready to start for you, I give all my heart to you

And when together I hope we never fall apart you know

Now that it feels so good, our thoughts are understoodI'd like to learn from ya but I'm 'bout to turn from ya  
It's been about a week and I ain't even heard from ya  
Is it somethin' at all or did I just bump in and fall

And even though you did I see how you was reluctant to callBut it's nothin' to crawl before we walk, listen  
And it's nothin to stall before we talk, look

To tell the truth I'm happy I found you and that I can be around you

And thus I'm diggin' you, I ain't just tryin' to pound youI'm only tryin' to crown you and wife you and  
wedding gown you

Regardless what I'm with, shorty seem like she always down to  
Just spend a little time and then click, you know that kind of chemistry

The recipe to then sip and a little bit of wineMami I like your kind that light the fireworks and bombs up  
The type of chick I wanna talk about when I call my moms up  
Until the love is empty I credit the one who sent me

The most beautifulest woman and she ridin' with meI'll do it all wit'cha, go through any door wit'cha  
It doesn't matter I will go against the law wit'cha  
Just know you live through me, your love is all I need  
If you ain't know you make me, no one's ever shown you, baby

To tell the truth [Incomprehensible] you've got me goin' crazy  
Your love so real to me and that's all that I, can see This is a thing I wanna feel forever and I ain't goin' nowhere  
'Cause you mean so much to me  
No matter how my people try to doubt ya  
I know the truth about ya, it doesn't matter to me Baby, I love you and I always told ya, I'm always here to hold  
ya  
'Cause you do so much for me  
No matter how they try they can't deceive us  
Nothin' can come between us, 'cause you mean so much to me Listen; trust me and I will trust you, I ain't into  
tryin to fuss boo  
Deeper than any lust, I'm only tryin' to mindfuck you  
That's probably why and maybe I can nickname you my, baby  
Now that you made me a man you're officially now my lady Despite the stormy weather I cherish your love  
forever  
And nourish everything we have till we grow old together  
I'll never trick you, mislead or try to be shaky wit'chu  
I only wanna make all the rest of my babies wit'chu No matter how, mister, no doubt I'll die wit'cha  
Until the end of life, lay down on the ground wit'cha  
I'll give my life to you, I hope it all comes true  
Ready to start for you, I give all my heart to you  
And when together I hope we never fall apart you know  
Now that it feels so good, our thoughts are understood I'll do it all wit'cha, go through any door wit'cha  
It doesn't matter I will go against the law wit'cha  
Just know you live through me, your love is all I need  
If you ain't know you make me, no one's ever shown you, baby  
To tell the truth [Incomprehensible] you've got me goin' crazy  
Your love so real to me and that's all that I, can see
