

Faith When I Fall

Kip Moore

I know it's been a long time since the last time we talked
I know I've been a stranger and that's all my fault
And asking you for anything don't early seem right
But the winds are change, a-blowing Give me love when I ain't got nobody
A little hope when I ain't got none at all
Give me light up ahead up on the journey
Give me strength when I'm standing
And faith when I fall I know the rain is coming and it's sure gonna pour
I know there ain't no running from this kinda storm
It's gonna get harder and harder to keep on pushing through
I'm gonna wanna quit, so I'll be counting on you Give me love when I ain't got nobody
A little hope when I ain't got none at all
Give me light up ahead on the journey
Give me strength when I'm standing
And faith when I fall When the clouds start parting and the sun starts shining through
This time I won't forget, I won't forget about you Give me love when I ain't got nobody
A little hope when I ain't got none at all
Give me love when I ain't got nobody
A little hope when I ain't got none at all
Give me light up ahead on the journey
Give me strength when I'm standing
And faith when I fall Give me strength when I'm standing
And faith when I fall, yeah
