

Bang Dem Sticks

Molotov Cocktail Piano

I love it when it's loud
I love it when it's big
You can feel it in the crowd
Come on bang dem sticks
I said I love it when it's loud
I love it when it's big
'Cause you can feel it in the crowd
Come on bang dem sticksTill I'm drummer, sicker than the swine flu
Don't really need medication
He got a tissue
And when he bang bang, don't need to bug ya
But he might be smoother than my, my favorite cookie when it plays
He got a hold on me
And in a race, you got the winning streak
And ain't nobody got a drummer like mine
He can bang dem sticks, he can throw them highI got a thing for a drummers
How the beat shakes up my heart
I gotta thing for drummers
So baby show off all dem tricks and bang dem sticks
I got a thing for a drummers
How the beat shakes up my heart
I gotta thing for drummers
So baby show off all dem tricks and bang dem sticksI love it when it's loud
I love it when it's big
You can feel it in the crowd
Come on bang dem sticks
I said I love it when it's loud
I love it when it's big
'Cause you can feel it in the crowd
Come on bang dem sticksI don't think they're ready, it's okay, uh uh uhTriple it, triple it, all that shit
He looking so good when he bang dem sticks
He can do the paradiddle with a little bit of samba
And all the girls, I want your drummer's number
But wait a minute, what trick is going on?
You're here to see M Train because you love my songs
But there we go again with the double stroke
And I ain't talking dirty, I ain't making no jokes, nawh nawhAnd he could play all night
What ever gets hyped girls, whatever gets you high
'Cause ain't nobody got a drummer like mine

He can bang dem sticks, he can throw dem high, c'monI got a thing for a drummers
How the beat shakes up my heart
I gotta thing for drummers
So baby show off all dem tricks and bang dem sticks
I got a thing for a drummers
How the beat shakes up my heart
I gotta thing for drummers
So baby show off all dem tricks and bang dem sticksI love it when it's loud
I love it when it's big
You can feel it in the crowd
Come on bang dem sticks
I said I love it when it's loud
I love it when it's big
'Cause you can feel it in the crowd
Come on bang dem sticks, bang dem sticksCome on band dem sticks
So baby show off all dem tricks and bang dem sticks
Come on band dem sticks
