

Ready To Fly (prelude)

[Jamie Grace](#)

There's a feather in my hair and a wing around my neck

I'm ready to fly away

There's a feather in my hair and a wing around my neck

I'm read to fly away

And I've got the wishes from all of my friends

Hugs and kisses from my mom and my dad

There's a feather in my hair and a wing around my neck

I'm ready to fly away
