

Fired Up

Hush

Yeah, turn me up, yoMy crew is all fired up, y'all better just wise up
Everybody gettin' sized up before we all rise up
Start runnin' your times up 'cuz when my crew ride up
The sky gon' light up, everybody get fired upI walk this planet the most rugged
Most can only see this heat but don't touch it
'Cuz you might get 'em burned
When I come through it's my turnNever get in my way or you're gettin' rolled over
Like Rover 'cuz my fist's a bulldozer
I throw these dogs in the street to melodys
Like a heartbeat playin' against piano keysIt's a breeze 365 degrees
Turn around and you might catch these so just freeze
A riddle with no clues I'm a walking nightmare
Anywhere, anytime boy I don't fight fairA day in my shoes is a day with no fear
So walk barefooted and save your whole year
And I wear a mouthpiece cuz' I grit my teeth
So just bite your tongue before you get your ass beat? YeahMy crew is all fired up, y'all better just wise up, yeah
Everybody gettin' sized up before we all rise up, c'mon on
Start runnin' your times up, tell 'em 'cuz when my crew ride up, what?
The sky gon' light up, everybody get fired upIn the club to a beat, in the street wit' a beef in the heat
Everybody get fired up
If it's black or it's white, if it's wrong or it's right, day and night
Everybody get fired upDon't matter if you win or you lose only one thing to do
Everybody get fired up
Put it down every town, every city, if you feel me and you wit' me
Everybody get fired upYeah, I'm an S O B
That's a son of a bitch, homie you don't know me
I was put here to slap you silly and clap Billy
And clap everything in the track like Mac Milly's
And that's just the half reallyYou don't wanna see the other side
I suggest you act quickly
And ran swiftly and get outta my way
Before the gats empty, c'mon and just tempt meMy crew is all fired up, yeah, y'all better just wise up
Everybody gettin' sized up before we all rise up
Start runnin' your times up, tell 'em 'cuz when my crew ride up, yeah
The sky gon' light up, everybody get fired upIn the club to a beat, in the street wit' a beef in the heat
Everybody get fired up
If it's black or it's white, if it's wrong or it's right, day and night
Everybody get fired upDon't matter if you win or you lose only one thing to do
Everybody get fired up

Put it down every town, every city, if you feel me and you wit' me
Everybody get fired upUh, what? C'mon
