Nobody's Driving

Amebix

I awoke in a sweat from the American Dream
They were loading the bomb bay of the iron bird
Giving their blood to the Doomsday Machine
I screamed into the wind my goodbye to the worldIt was dark in the desert so we walked through the night
The vessel was waiting where we had been led
An awesome machine to tear through the sky
The last exodus from the land of the dead[Chorus:]
We are swimming in the lunar sea
Drowning in insanity
Look to the shore you will see
Your leaders were lying
Nobody's driving!Upon the horizon is the earth I once knew
Now a red ball of light suspended in space
So we erected a stone on the shore of the sea
As a grim epitaph to the lost human race[Repeat first verse][Chorus:]
We are swimming in the lunar sea
Drowning in insanity
Between the devil and the deep blue sea
Our world is dying
And nobody's driving!
