Bury Us Alive

Starfucker

I know.
Nothing ever keeps you safe for sure.
No one ever dug down so far as we go, heroes drop their bones outside.
No one ever knew I made it, no one ever!

Oh, bury us alive.
Oh, bury us alive.
Oh, bury us alive.
Oh, bury us alive.

(Bridge)

Heroes, nothing ever grows up come to see you from.
No one ever noticed tela came the su..
A new world clouded out the sun.
No one ever lives on touch death to set me free.

Oh, bury us alive.
Oh, bury us alive.
Oh, bury us alive.
