Grim Reefer (Album Version)

Spector

See me
can you see me
the way that I see you!?
And need me
can't you need me
as much as I need you!?
We could make up our mind
we could leave them behind
we could break from the past
we could never look back
Fly out into the sun
burn together as on
or we could stay
Hold me
won't you hold me!?
the way that I hold you
console me
won't you console me!?
the way I console you
We could make up our mind
we could leave them behind
we could break from the past
we could never look back
Fly out into the sun
burn together as on
or we could stay
We could make up our mind
we could leave them behind
we could break from the past
we could never look back
Fly out into the sun
burn together as on
or we could stay
