Help Me

Nick Carter

I wish I could define
All the thoughts that cross my mind
They seem too big for me to choose
I don't know which ones to lose
When I've fallin' down so far
I think I'll never see your lights
Bouncing off of me
Shinin' down here from your eyes
Help me figure out the difference
Between right and wrong
Weak and strong, day and night
Where I belong and
Help me make the right decisions
Know which way to turn
Lessons to learn
And just what my purpose is here, yeah
It's like I got the signals crossed
With messages I can't decode
Half asleep, never wide awake, you know
Complete overload
I got so much information here
And nothin' I can really grasp
I should know the truth
But I'm too afraid so I have to ask
Help me figure out the difference
Between right and wrong
Weak and strong, day and night
Where I belong and
Help me make the right decisions
Know which way to turn
Lessons to learn
And just what my purpose is here
Wanna know you more than anything
I will meet you in my every dream
You're there for me, you love me for who I am
No angel, just an ordinary man
Help me figure out why I'm stuck in the middle
Trying to understand why I can't
Why's this such a riddle, got my eyes crossed

I'm thinking so hard and I know I'm missing the mark
Can you help me sort
Out all this information
I'm just rackin' my brain
Paying attention but I'm still lost
And at all costs I gotta know
Help me figure out the difference
Between right and wrong
Weak and strong, day and night
Where I belong and
Help me make the right decisions
Know which way to turn
Lessons to learn
And just what my purpose is here
Help me figure out why I'm stuck in the middle
Trying to understand why I can't
Why's this such a riddle, got my eyes crossed
I'm thinking so hard and I know I'm missing the mark
Can you help me sort
Out all this information
I'm just rackin' my brain
Paying attention but I'm still lost
And at all costs I gotta know
