

# Inside Out

## Gotthard

A Crack in the sky  
A tear in my eye  
Feel like I'm hunted once again I barely recall  
The haze and the fall  
And now it will never be the same  
Be the same again Why did this happened to me  
I just couldn't see  
Blinded by overconfidence All has suddenly gone  
Goodbye number one  
Will I ever make it through this pain  
Knowing I'm to blame  
Inside out, can't take this forever  
It seems like there's  
No way out, it's now or it's never  
I know that I've gotta be strong  
To get back to where I belong  
Where I belong I'm striving for control  
With my back to the wall  
Fighting the shadows of the past  
Am I drifting away  
Don't hear what they say  
Caught in the game of my desire  
Take me higher Inside out, can't take this forever  
It seems like there's  
No way out, it's now or it's never  
Arise from the ashes of life  
And I'm gonna fight to survive  
I'll fight to survive  
B part: A new life has begun  
Oh, feel I'm second to none  
Yes I do know what I need  
Gonna waste no more time  
Gonna take what is mine Gonna take what is mine  
It's gonna take what it takes
