Lookin' Out For #1

Twisted Sister

They always told me I must try to be Like everyone in the nation Go with the flow, remember me is we There must be no deviation Well, now I think that I'll go my own way I've got my own point of view I just don't care what other people say I do what I wanna do You know that I'm ready I'm ready to rock You know that I'm ready I'm ready to rock, gonna rock I'm lookin' out for number one, number one The time has come for you to make a stand You've got to do things your own way Forget about the style, forget the brand 'Cause every dog has his own day It doesn't matter what the others think What counts is do you like you? You think, you're drownin' but you'll never sink Just do what you wanna do You better get ready Get ready to rock You better get ready Get ready to rock, gotta rock You know that we're ready We're ready to rock You know that we're ready We're ready to rock, gonna rock We're lookin' out for number one, number one We're lookin' out for number one, number one

We're lookin' out for, out for number one, yeah
