

# All Our Efforts

## Moor Hound

The world from which we came  
Will be gone one day  
And with it all the memories  
And the works of man  
All our efforts spent  
On spinning rock and water  
Suspended in another's night skyOur capacity exceeds the rest  
We can do more than just exist  
Breathe in on a mountain top  
Stare into your night sky and wonder
